**Reference: Involvement in Pune Smart City Proposal Preparation**

Dear Students,

On Behalf of Pune Municipal Corporation, I would like to extend our appreciation for the help and support extended towards preparation of the Smart City Proposal Document. The expanse of your involvement helped us to achieve the task of proposal preparation within the stipulated time. The entire exercise was made even more pleasurable, owing to the young energy and enthusiasm brought in by the students.

We remain hopeful of our continued association with the students of MBA in Infrastructure Management, and look forward to their contribution in making Pune a smart city.

With Best Regards !

(Kunal Kumar)
